REPAIR FOGGY WINDOWS and SAVE MONEY!

Repair Foggy Windows & Condensation Problems the *Diamond Window Way!*

Our system restores the clarity and view of foggy windows and returns insulation value (r-value) back to your windows which helps to reduce your heating and cooling costs.

This restoration service is less expensive than replacement; it's fast, convenient and backed by a comprehensive 15 Year Warranty issued directly by Diamond Window Cleaners to you!

Quality You Can See Through

Before

After

- Failed windows reduce your home's property value. Window repair offers a low-cost alternative to window replacement.
- Restore your window's insulation value. (An increase of 70% over fogged windows)
- Lower energy costs and lessen the wear on your heating and A/C systems.
- Restore your view and end moisture damaged windows.
- Have the repair done the same day versus waiting to have new glass measured, ordered, manufactured and installed.
- No need for trim repair, painting or caulk.
